Hopefully no elevation issues for the guidance!

Should Chris continue to lead the RHR revisions effort? I believe he would like to do so, and I'm fine with it.

Both!

We need to continue the rule planning conversation, but in an ideal world we would also orient Anne to the other RH business OAR will have this year – roadmap, Texas, litigation, etc. T

Yes, I believe Anne was in the room also when we briefed Bill. Do you think Anne needs a more introductory briefing or just pick up where we left off with Bill?

Good morning!

It looks like we may have the opportunity to brief Anne on RH during her next visit here (in July?) I recall with about 60% accuracy that she was in the room when we briefed Bill and got his thoughts on the rule, but I know we owe Bill an update, so I guess we could use this meeting to update Anne instead.

Speaking of which Joe has called in sick today. He is recommending you reschedule the meeting on rule revisions until later in the week. I'm ok if this works for you and the team.

See below and attached. Please note the potential topics for background briefings for Anne when she visits some time this month.

Here is a quick summary of the June 27 call that Peter and I had with Bill and Anne. Also attached please find the consolidated hot topics list based on your input.

Bill began the call by noting that although OAQPS has a lot of things going on, we have them all under control. He said he had no worries or concerns about our office – he was very complimentary. He then ran through five of his six priorities:
